

SOMETIMES GREAT  
DESIGN IDEAS JUST  
COME NATURAL.

Like with the unique  
PEEL CLUB. Its design  
was inspired by the peel  
of an orange –  
a natural, dynamic form  
full of elegance and  
vitality. Charmed by the  
playfulness of the peel  
theme, the idea of  
PEEL CLUB and the  
award-winning  
bestseller PEEL  
was born.

## THE FINE ART OF SEATING

PEEL CLUB is different. Its unique award-winning “PEEL” design adapts itself to your individual and exclusive style of home furnishing. It gives the room you place it in a distinctive, sophisticated aura.

Where as some design chairs are made to be looked at, PEEL CLUB is living design. It is designed for life - your life and your lifestyle. Its timeless beautiful organic shape invites you to take a break and to vary your sitting position while lounging, reading, watching, talking, listening, daydreaming or just relaxing. With PEEL CLUB sitting becomes an enjoyable encounter because it instantly makes you feel at home. A pleasurable experience for the body. PEEL CLUB makes a clear statement for a new art of seating where design meets comfort.
