

## AddOn Ceiling

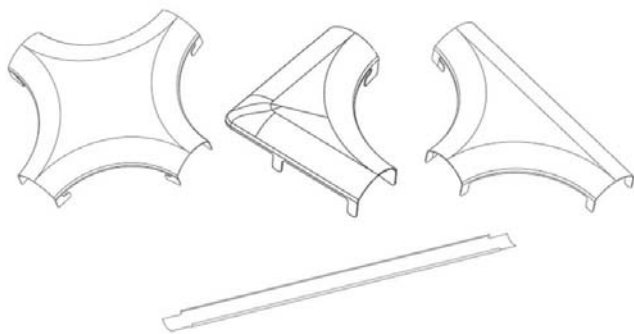

## OVERVIEW

A new unique profile system that dresses T-24 framework systems, adding character to a room and creating an exciting impression that flirts with both traditional and modern architecture. It can be used to update an existing ceiling system or in new construction. AddOn is compatible with all commonly used T-24 framework systems in their standard formats. Choose a color, click into place. Nothing more is needed. It can be combined with Tiles Nova (see page 82) for a matching color on the ceiling tile. AddOn is also available in other RAL colors upon request.

Growth weight: 1200x1200 = 194gr/m<sup>2</sup>, 1200x600 = 276gr/m<sup>2</sup>, 600x600 = 373gr/m<sup>2</sup>. Designed by o4i Design Studio.

## FORMAT AND MATERIALS

Powder-coated metal profile, 600mm alt. 1200mm.

## SURFACE LAYER

Powder-coated metal profile in six different RAL colors, all in gloss 30. AddOn Ceiling is also available in another RAL color upon request.
